ANNUAL REPORT 2015/16

ANNUAL REPORT OF YELLOW CARD CENTRE WEST MIDLANDS TO THE MEDICINES AND HEALTHCARE PRODUCTS REGULATORY AGENCY

2015/16

1. STAFF

Professor R E Ferner – Director
Professor J J Coleman – Honorary Consultant Physician
Mr C Anton – Administrative Co-ordinator
Mrs K Badyal (née Khangura) – Pharmacovigilance Pharmacist
Dr A R Cox – Honorary Pharmacovigilance Pharmacist
Ms M Robinson – Clerical Officer

2. SUMMARY

Our priorities for the year remain focused on teaching and providing information and we have continued our programmes for all grades of staff from nurses to consultants. We have continued to expand our network of ADR Champions and now have someone in each of the acute Trusts. Work is continuing to recruit Champions in community and mental health trusts.

The number of reports from the region rose for the third year in a row with the total numbers up by 22%. There was an increase of 90% in reports from hospital pharmacists and 77% from community pharmacists. The number of patient reports increased and was maintained at 20% of all our reports. The proportion of reports containing a serious reaction increased to the highest level for a number of years

4. PROMOTIONAL ACTIVITIES

We have promoted the scheme with numerous talks and lectures during the year. Details of them are listed below.

Meetings

Professor Coleman attended meetings of PEAG and deputised for Professor Pimohamed at CHM during one meeting

We held a successful Champions Away Day in October 2015

Professor Ferner received a commendation from the Chief Constable, Greater Manchester Police for his role in Operation Roxburgh

ADR Champions

We have now recruited ADR Champions at all the acute Trusts in the region and held a study day for them in October together with a follow-up teleconference.

Work is continuing to recruit Champions in mental health and community Trusts and in GP practices and CCGs.

7. RESEARCH

Our current research activity is concerned with adverse drug reactions, including classification, monitoring, and the patient experience of adverse drug reactions and the Yellow Card scheme.
